

Brundall Parish Council Land Management reports to be considered

Name of organisation/group: Brundall parkrun – Countryside Park

Date: March 2024 Meeting

Highlights for sharing

Since the Land Management Committee last met, the wet winter of rain continued into February. Whilst we were able to run on 3rd February, sadly the Run Directors had to (again) take the difficult decision to cancel parkrun on 10th February.

However, on a much more positive note, since recommencing on 17th February, we have (finally!) enjoyed much drier weather, and far firmer conditions underfoot! Participant Numbers held up well, with the 17th February seeing 109 runners and walkers & 25 Volunteers. This was followed in subsequent weeks as follows: 72 runners and walkers & 21 Volunteers (24th Feb), 81 & 22 (3rd Mar), and 89 & 18 (10th Mar).

For the first two Saturdays in March, we have seen sunshine, blue skies and lots of smiling faces at the Countryside park – **long may all three continue!!**

Issues you wish Land Management to discuss

None at this meeting.

Help requested from within Land Management groups

None at this stage.
