

Brundall Parish Council Land Management reports to be considered

Name of organisation/group: Brundall Community Leisure Limited

Date: 15th November 2024

Highlights for sharing

Brundall Sports Hub was officially opened on 26th October 2024; attended by relevant stakeholders.

Reports on usage etc. will be provided as part of regular updates to Rec Well.

Issues you wish Land Management to discuss

There are couple of issues that need to be reviewed and recommendations provided by Land Management:

- Proactive maintenance of hedgerows planted as part of the planning conditions.
- Review of any other planting that can be carried out on the site (with the exception of the spare land for future development).
- Recommendation of what to do concerning the trees removed to the west of the pitch (trees were a planning condition).
- Solution to prevent vehicles from parking on the green space between the pavements and the perimeter fence.

Help requested from within Land Management groups

None currently.
