

Brundall Parish Council Land Management reports to be considered

Name of organisation/group: Church Fen Working Group

Date: 07/11/2025

Highlights for sharing

Due to the closure of the Boardwalk 3 weeks ago, there is little to report this month.

Some site inspections have taken place to continue to monitor the site and the Eastern footpath which remains passable with extreme care due to the usual muddy seasonable conditions.

The working group are meeting again on the 14th to discuss next steps, focussing on the replacement of the boardwalk/upgrade of eastern footpath.

Issues you wish Land Management to discuss
