

Recreation & Wellbeing community group reports to be considered

Name of organisation/group: Brundall parkrun

Date: 25th November 2025

Highlights for sharing

Fast approaching the end of year with just 5 parkruns left of 2025. It's a busy end to the year,
6th December we have our regular Christmas collection for Yare Valley Pantry
13th December we are hosting Christmas drinks for any runner or walker who want to join us at the White Heron. This is the 4th year of our Community drinks.
20th December we celebrate our 450th parkrun and host our Christmas parkrun

Currently we are slightly down on 2024 numbers, but aware that Thorpe have also set up their own parkrun, which has been very successful

Brundall Feedback is still good and we are seeing more participation in walking at our events, which is great to see.

We have a stall at the Memorial Hall Christmas event, which we hope might help numbers and promotes the event

1st B&B held a fund raising event at our Halloween event and raised £230 pounds toward further Scouting adventures

Weather conditions are a concern and we have just laid a small amount of Sand (1 Tonne paid for by the Parish) for areas that are very slippery.

Issues you wish Recreation & Wellbeing to discuss

No issues to raise.

Help requested from other Recreation and Wellbeing participants

We ask that people promote parkrun and make people aware that they can use the event for wellbeing and exercise, it's not an elite event and suits all age ranges.
